## Meanwhile...

While we are dreaming about our permanent home, God answered another need we were experiencing. Our current home was becoming overcrowded and our children were busy growing older. It was becoming more and more apparent that we needed to place the girls and boys into separate housing.

Through God's own providence, the house and compound directly next door suddenly became available. We quickly leased it. And now we have a house totally dedicated to our girls.

As you can see, the house looks very nice from the outside.

The inside, however is another matter entirely. Since the pictures to the left were taken, our girls have moved in and these pictures are no longer valid, however the space still needs a great deal of work!

If any of you would like to give financially or bring a small team to Ghana and help us renovate this space, we (and the girls) would certainly be grateful. Thanks!

## Come to Ghana on a Mission Trip!!!

Will you come to Ghana and help us renovate our buildings, dream with us about a new space, work with the children in the homes, rural villages, and reach out to unreachable, untouchable and unlovable children for the Kingdom of Christ? Just check the box on the reply card and someone will contact you, pray with you, help you make plans, and answer all of your questions.

## May — July 2023 Newsletter

Dear Friends,

Greetings in the matchless of our Lord Jesus Christ.

Yes, what a mighty God we serve!! What a wondrous God He is!!!

*To me, the very least of all saints, this grace was given, to preach ... the unfathomable riches of Christ ... and to enlighten all people as to what the plan of the mystery is....*

Ephesians 3:8-9

Morning fellowship and devotion with the children and staff before I left .

Sharing the Gospel with street children in Accra.

Friends, all praises go to God, for His great mercy and love. He has brought me safely back to the US after eight months in Ghana. I am finally taking a few weeks off for a much needed sabbatical. But even though I am resting, the work of The Mission continues in Ghana.

The last eight months have truly been challenging: As we were beginning to produce our many Christmas events, Pastor John Gozo passed away. Everyone was shocked — children and staff alike. We had to continue with our Christmas celebrations while we counseled with the children and dealt with our own grief. At the same time, we began trying to find, interview and hire a new father for the home as well as solve all the various problems associated with running the Mission.

In spite of all the difficulties, HFGM continued to grow and expand by the grace of God. Glory to His name!

## New Father of the Home

Mr. Godwin Doh  
Father of HFGM HOME

It is with joy and gladness in our hearts that we introduce you to Mr. Godwin Doh, our new father and manager of the HFGM Home. We believe, God has graciously brought to us. Thank you for your support and earnest prayers!

Mr. Doh, 41, replaces Mr. John Gozo who passed away suddenly during our last year's Christmas celebration.

Mr. Doh is a distinguished Christian and longtime member of one of the largest evangelical churches in Ghana. You can tell he loves the Lord by the way he treats others and by the way he teaches.

Godwin has a diploma from Ghana School of Social Welfare and will complete a BSc in Social Welfare soon. Over the years he has worked with street and disadvantaged children in Acara, including working in juvenile homes.

Godwin Doh has the experience, knowledge and heart we prayed for as we began to search for a new father of the HFGM Home.

Godwin is married and the father of two boys. We are so pleased God has led him to us.

## A Word of Thanks To You

Your prayers and donations are making a difference for Christ's Kingdom!

Friends, on behalf of myself, the board of directors, the team and the children, please accept our sincere and hearty thanks for all of you who generously gave financially, materially and prayerfully. We could not have continued to minister to hundreds of devastated, hopeless, helpless and neglected street children without your continued support. For that we say THANK YOU!!!

## A 7.5 Acre Plot of Land

Friends, God by His mercy opened the doors for the Mission to acquire the rights to 7.5 acres of land. Because of our ministry to children in the region, the Chief of a nearby village offered to give us the rights to this land at the greatly reduced price of \$30,000 USD.

In 2022, I brought this opportunity to the board and some of our donors. It was greeted enthusiastically.

Last year, \$8,000 was given for the project. The Chief has declared we can pay the balance in installments over the next several years.

In the past, we have always depended on cramped rented quarters for our children. We now have the opportunity to build long term home to house the children and our mission.

## What might a permanent home look like?

Our prayer is to start the first phase of building the HFGM permanent home where we will be able to house more children and reach out to more children for the kingdom of Christ!

## First Phase Vision

Our vision for Phase One includes two dormitories, a chapel, educational facilities, community programs and recreational facilities. With that we will be better able to raise these once forgotten children in an environment fully dedicated to their safety, spiritual, educational, and personal character development.
